HERDS: 2023 School Lead in Drinking Water Reporting

New York State Dept. of Health

| | | | |
|----------------|---|---------------|---------------------------------------|
| Activity : | 2023-2025 School Lead in Drinking Water Reporting | Name : | MONTEBELLO ROAD SCHOOL (500401060010) |
| Organization : | MONTEBELLO ROAD SCHOOL | Address 1 : | MONTEBELLO RD |
| Form : | 2023 School Lead in Drinking Water Reporting | Address 2 : | |
| Data Entity | | City : | SUFFERN |
| Type : | Schools - Public | State & Zip : | NY-10901 |
| Name : | MONTEBELLO ROAD SCHOOL | County : | Rockland (087) |
| Time Period : | | Region : | Metropolitan Area Regional Office |
| | | Phone & Fax: | |

Please update and submit this form as additional results are received.

Questions in red text should be updated as remediation is performed, and post-remediation lead results are received.

The information you provide will be made available to the public on Health Data NY (<https://health.data.ny.gov/>). The data displayed on Health Data NY is updated daily.

For assistance with completing this form, please email the NYS Department of Health at lead.in.school.drinking.water@health.ny.gov. Additional information is available at https://www.health.ny.gov/environmental/water/drinking/lead/lead_testing_of_school_drinking_water.htm.

If you have technical questions about the lead testing in school drinking water regulation, please contact your local health department (LHD). Copy and paste the following link for an interactive map that has links to contact information for each LHD: http://www.health.ny.gov/environmental/water/drinking/doh_pub_contacts_map.htm

General Information

1. I understand that the information I am reporting is for [Yes] the lead testing in school drinking water program for the 2023-2025 compliance period.

*

2. Enter the website address where the laboratory reports are posted for the results of your school's lead testing of drinking water program.

www.sufferncentral.org

Sampling Information

3. I acknowledge that all samples must be analyzed by [Yes] an environmental laboratory certified by the NYS DOH's Environmental Laboratory Approval Program (ELAP) to conduct lead in drinking water analysis.

4. How many total outlets have been identified by the school that require sampling for lead?

17

5. How many outlets were sampled for initial first-draw

17

HERDS: 2023 School Lead in Drinking Water Reporting

compliance testing in 2023?

6. How many outlets were sampled for initial first-draw compliance testing in 2024?

7. How many outlets were sampled for initial first-draw compliance testing in 2025?

8. Is all sampling complete for the 2023-2025 compliance period?

[No]

Lead Results

9. Enter the total number of outlets with a lead result less than or equal to the action level (5 ppb):

(This number should be updated throughout the compliance period to reflect the current number of outlets with a lead test result less than or equal to 5 ppb).

10. Enter the total number of outlets with a lead result greater than the action level (5 ppb):

(This number should be updated throughout the compliance period to reflect the current number of outlets with a lead test result greater than 5 ppb).

11. Has your school received laboratory reports for all initial first-draw samples collected for this compliance period?

[Yes]

Response and Remediation

12. Have the outlets with lead results greater than the action level (5 ppb) been taken out of service, remediated, or are appropriate controls in place to ensure water is not used for drinking or cooking?

[Yes]

13. Identify the status of remediation. (Examples of remediation include but are not limited to: permanent removal of outlets; replacing outlets and/or plumbing; or employing other engineering controls.)

[Ongoing]

Attestation

By clicking the 'Save and Submit' button, I attest that all the data entered above is true and correct to the best of my knowledge, that I understand that such information shall be used for assessing regulatory compliance, and that I am authorized to submit this data on behalf of the school district or BOCES.

**Required Fields. ** Repeatable Sections.*

HERDS: 2023 School Lead in Drinking Water Reporting

New York State Dept. of Health

| | | | |
|----------------|---|---------------|---------------------------------------|
| Activity : | 2023-2025 School Lead in Drinking Water Reporting | Name : | SLOATSBURG ELEM SCHOOL (500401060004) |
| Organization : | SLOATSBURG ELEM SCHOOL | Address 1 : | SECOND ST |
| Form : | 2023 School Lead in Drinking Water Reporting | Address 2 : | |
| Data Entity | | City : | SLOATSBURG |
| Type : | Schools - Public | State & Zip : | NY-10974 |
| Name : | SLOATSBURG ELEM SCHOOL | County : | Rockland (087) |
| Time Period : | | Region : | Metropolitan Area Regional Office |
| | | Phone & Fax: | |

Please update and submit this form as additional results are received.

Questions in red text should be updated as remediation is performed, and post-remediation lead results are received.

The information you provide will be made available to the public on Health Data NY (<https://health.data.ny.gov/>). The data displayed on Health Data NY is updated daily.

For assistance with completing this form, please email the NYS Department of Health at lead.in.school.drinking.water@health.ny.gov. Additional information is available at https://www.health.ny.gov/environmental/water/drinking/lead/lead_testing_of_school_drinking_water.htm.

If you have technical questions about the lead testing in school drinking water regulation, please contact your local health department (LHD). Copy and paste the following link for an interactive map that has links to contact information for each LHD: http://www.health.ny.gov/environmental/water/drinking/doh_pub_contacts_map.htm

General Information

1. I understand that the information I am reporting is for the lead testing in school drinking water program for the 2023-2025 compliance period. [Yes]

*

2. Enter the website address where the laboratory reports are posted for the results of your school's lead testing of drinking water program.

Sampling Information

3. I acknowledge that all samples must be analyzed by an environmental laboratory certified by the NYS DOH's Environmental Laboratory Approval Program (ELAP) to conduct lead in drinking water analysis. [Yes]

4. How many total outlets have been identified by the school that require sampling for lead?

5. How many outlets were sampled for initial first-draw

HERDS: 2023 School Lead in Drinking Water Reporting

compliance testing in 2023?

6. How many outlets were sampled for initial first-draw compliance testing in 2024?

7. How many outlets were sampled for initial first-draw compliance testing in 2025?

8. Is all sampling complete for the 2023-2025 compliance period?

[No]

Lead Results

9. Enter the total number of outlets with a lead result less than or equal to the action level (5 ppb):

13

(This number should be updated throughout the compliance period to reflect the current number of outlets with a lead test result less than or equal to 5 ppb).

10. Enter the total number of outlets with a lead result greater than the action level (5 ppb):

0

(This number should be updated throughout the compliance period to reflect the current number of outlets with a lead test result greater than 5 ppb).

11. Has your school received laboratory reports for all initial first-draw samples collected for this compliance period?

[Yes]

Response and Remediation

12. Have the outlets with lead results greater than the action level (5 ppb) been taken out of service, remediated, or are appropriate controls in place to ensure water is not used for drinking or cooking?

[N/A]

13. Identify the status of remediation. (Examples of remediation include but are not limited to: permanent removal of outlets; replacing outlets and/or plumbing; or employing other engineering controls.)

[N/A]

Attestation

By clicking the 'Save and Submit' button, I attest that all the data entered above is true and correct to the best of my knowledge, that I understand that such information shall be used for assessing regulatory compliance, and that I am authorized to submit this data on behalf of the school district or BOCES.

HERDS: 2023 School Lead in Drinking Water Reporting

New York State Dept. of Health

| | | | |
|----------------|---|---------------|-----------------------------------|
| Activity : | 2023-2025 School Lead in Drinking Water Reporting | Name : | SUFFERN S H S (500401060009) |
| Organization : | SUFFERN S H S | Address 1 : | 49 VIOLA RD |
| Form : | 2023 School Lead in Drinking Water Reporting | Address 2 : | |
| Data Entity | | City : | SUFFERN |
| Type : | Schools - Public | State & Zip : | NY-10901 |
| Name : | SUFFERN S H S | County : | Rockland (087) |
| Time Period : | | Region : | Metropolitan Area Regional Office |
| | | Phone & Fax: | |

Please update and submit this form as additional results are received.

Questions in red text should be updated as remediation is performed, and post-remediation lead results are received.

The information you provide will be made available to the public on Health Data NY (<https://health.data.ny.gov/>). The data displayed on Health Data NY is updated daily.

For assistance with completing this form, please email the NYS Department of Health at lead.in.school.drinking.water@health.ny.gov. Additional information is available at https://www.health.ny.gov/environmental/water/drinking/lead/lead_testing_of_school_drinking_water.htm.

If you have technical questions about the lead testing in school drinking water regulation, please contact your local health department (LHD). Copy and paste the following link for an interactive map that has links to contact information for each LHD: http://www.health.ny.gov/environmental/water/drinking/doh_pub_contacts_map.htm

General Information

1. I understand that the information I am reporting is for the lead testing in school drinking water program for the 2023-2025 compliance period. [Yes]

*

2. Enter the website address where the laboratory reports are posted for the results of your school's lead testing of drinking water program.

www.sufferncentral.org

Sampling Information

3. I acknowledge that all samples must be analyzed by an environmental laboratory certified by the NYS DOH's Environmental Laboratory Approval Program (ELAP) to conduct lead in drinking water analysis. [Yes]

4. How many total outlets have been identified by the school that require sampling for lead?

42

5. How many outlets were sampled for initial first-draw

34

HERDS: 2023 School Lead in Drinking Water Reporting

| | |
|---|------|
| compliance testing in 2023? | |
| 6. How many outlets were sampled for initial first-draw compliance testing in 2024? | |
| 7. How many outlets were sampled for initial first-draw compliance testing in 2025? | |
| 8. Is all sampling complete for the 2023-2025 compliance period? | [No] |

Lead Results

| | |
|---|-------|
| 9. Enter the total number of outlets with a lead result less than or equal to the action level (5 ppb): (This number should be updated throughout the compliance period to reflect the current number of outlets with a lead test result less than or equal to 5 ppb). | 31 |
| 10. Enter the total number of outlets with a lead result greater than the action level (5 ppb): (This number should be updated throughout the compliance period to reflect the current number of outlets with a lead test result greater than 5 ppb). | 3 |
| 11. Has your school received laboratory reports for all initial first-draw samples collected for this compliance period? | [Yes] |

Response and Remediation

| | |
|---|-----------|
| 12. Have the outlets with lead results greater than the action level (5 ppb) been taken out of service, remediated, or are appropriate controls in place to ensure water is not used for drinking or cooking? | [Yes] |
| 13. Identify the status of remediation. (Examples of remediation include but are not limited to: permanent removal of outlets; replacing outlets and/or plumbing; or employing other engineering controls.) | [Ongoing] |

Attestation

By clicking the 'Save and Submit' button, I attest that all the data entered above is true and correct to the best of my knowledge, that I understand that such information shall be used for assessing regulatory compliance, and that I am authorized to submit this data on behalf of the school district or BOCES.
